

### **Excellence at Howard: Professor Selected for Special Unique Studies**

Dr. Alison Glascoe, assistant professor in the Howard University College of Dentistry and recipient of the American Academy of Periodontology Scholarship, has been named one of 38 new and prospective dental educators nationally accepted to the 2009 American Dental Education Association Academy for Academic Leadership Institute for Teaching and Learning.

The academy is an intensive faculty-development program in collaboration with the University of North Carolina at Chapel Hill School of Dentistry.

The program's goal is to help recruit and retain dental faculty by preparing participants to become more effective teachers and develop skills that will facilitate confidence, job satisfaction, and professional growth in the academic environment.
